How to make your own chatterbox

1. Cut along black dotted line to remove chatterbox from page.
2. Place face down and fold outer corners into the centre of the chatterbox so you are left with a square shape.
3. Turn over so that the actions are facing up.

5. Turn over so that the pictures are facing up.
6. Fold in half vertically to create a crease.
7. Open back up to the square shape.
